## SHERMAN ACT IS DENOUNCED

President of Baldwin Locomotive Works Makes Bitter Speech at Convention.

LAW WILL NOT STAND

Stress of War Too Much for Unjust Measure—New Bill Should Pass.

ATLANTIC CITY, N. J., Sept. 20.—A vigorous denunciation of the operation of the Sherman anti-trust act as hampering the efforts of business men to aid the government in prosecution of the war was made by Alva B. Johnson today of the American business men.

"If there is any one thing this war has demonstrated," he said, "it is the principle of the Sherman act will not stand the strain of war. The moment the stress of war comes to the nation we see this temple to a false god overturned. The government itself is eliminating competition and has realized that business must be conducted on a basis of reasonable profit. The only way to reach a basis is by a conference among producers."

The bill pending in congress to permit combination in export trade should be passed immediately. Mr. Johnson declared that American industry may act in concert in furthering the country's foreign commerce.

Unpatriotic business men seeking excessive profits were blamed for the spirit of unrest among labor by Secretary of Labor Wilson who spoke before the labor section of the convention.

Unpatriotic Businessmen

"Labor has been restless," he said, "because the word has gone forth that iron and steel men are making 200 to 400 per cent profit and that shipping, mining and the other great industries are getting excessive returns. This feeling on the part of labor has been justified. In my investigation of the coal industry in the east it was shown that operators in some instances extorted five and six dollars for coal that cost them one dollar and a half."

"I have told labor this is no time to insist on recognition of their unions nor to force changes in labor standards, but this program endangers the future liberty of the people. I now tell you American business men it is no time to insist on profiteering, as many have been doing. You should welcome price fixing because it means a logical standard of pay for labor. Let labor and yourselves come to common ground that is acceptable, if not satisfactory, to insure the great amount of production at the least cost in cash and labor. There should be no swag to divide between capital and labor."

Adamson, chairman of the house interstate commerce committee and father of the eight-hour law, was nominated by the president today to be general appraiser of merchandise for the port of New York. ## AMERICAN GIRL WEDS GENERAL

Miss Daisy Polk of San Francisco and French Officer Married in Village in Lorraine.

SIMPLE CEREMONY

PARIS, Sept. 20.—The marriage of Miss Daisy Polk of San Francisco, to General Marie Joseph Robert de Buyer of the French army which took place in the village of Vitrimont, near Lunéville, in Lorraine, yesterday, was the culmination of a romance begun nearly a year ago, when Miss Polk's automobile broke down one day near Vitrimont where she had been in charge of the reconstruction of the village. General de Buyer happened to pass and the services of his chauffeur to repair the break, thus beginning the acquaintance which led to the ceremony of today.

The marriage took place in the church which was the first building restored in the village, thanks to Miss Polk's work. It was followed by a breakfast in the second building which had been completed.

Villagers Honor Benefactress. The ceremony was of the simplest possible order as the general's nephew was killed at Verdun a month ago, but all the villagers seized the opportunity of paying homage to their benefactress.

Miss Polk by her marriage becomes Countess de Buyer-Mimeure as General de Buyer carries the title of Count de Buyer-Mimeure. After leaving St. Cyr, Count de Buyer-Mimeure entered the cavalry and at the beginning of the war was a temporary general of brigade, taking command of the sixth brigade of cuirassiers. He was cited in January, 1915, for brilliant services performed and was promoted to commander of the legion of honor in July, 1916.

The civil ceremony yesterday was held in the temporary town hall which had been decorated for the occasion. The music at the religious ceremony was furnished by Miss Ethel Mary Crocker and Mademoiselles Kuerin, Keller and des Garas. Village girls served the dinner.

## KING ALEXANDER TO BE MARRIED

Young Greek Ruler's Marriage to a Princess of Entente Nation Is Expected.

ATHENS, Sunday, Sept. 16.—(Delayed.)—The prospects of a matrimonial alliance for King Alexander are being widely discussed and have become an affair of state.

Since he ascended the throne and Greece joined the Entente, the view has been held that the marriage of the young king with a princess of one of the Entente countries would be more in the interests of Greece than a private alliance. King Alexander has made it known, however, that he did not approve this view, his desire being to marry a young Greek woman of high character, the daughter of a court official.

The issue thus remains open as to whether the decision will conform with the private inclinations of the monarch.

Everybody knows that other people make mistakes.
